**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

SUPPLEMENTAL
COMMUNICATION RE: INCORRECT FILING RECEIPTCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

This is in response to the communication mailed June 10, 2004 with regard to Applicant's Communication re Incorrect Filing Receipt dated May 17, 2004 (copy enclosed).

Applicant does not understand the objection to the original priority claim, since it should be clear in the specification as amended by the Preliminary Amendment and in the signed Declaration, both filed April 16, 2004 (copies of which are attached, along with a copy of the return receipt postcard). The present application is not a continuation, divisional, or continuation-in-part of any prior application.

The Filing Receipt received May 3, 2004 (copy enclosed), incorrectly identifies the Domestic Priority claim as "60/426,245 11/14/2002." Applicant hereby requests that the priority data on the Filing Receipt with respect to the above-identified patent application be corrected, and that a new "corrected" filing receipt be sent to Applicants' representatives at the address given below.

Respectfully submitted,
PAUL WENTWORTH ET AL.
